<td>You purchase a money order from a bank, post office, check-cashing store, or retail store. At the time of purchase, you specify the amount and the person or business to be paid.</td>
</tr>
</tbody>
</table>

In the questions that follow, please rate all payment methods, even if you do not use them.

III. Assessment of Characteristics (AS)

Currently, we randomize the order of the six characteristics (Security, Acceptance, Cost, Convenience, Getting & setting up, and Payment Records). In addition, can you randomize the payment instruments by these three groups:

1. Paper (Cash, Check, Money order),
2. Card (Debit card, Credit card, Prepaid card), and
3. Electronic (Bank account number, Online banking bill pay).

So within each group, there would be no randomization, but we will randomize (1, 2, 3). This randomization would apply across all 6 characteristics, so if the order of the payment instrument groups is (3,1,2) then it will be that same order for all 6 characteristics.

An ATM card is a card that allows you to deposit or withdraw cash from an automated teller machine (ATM), but cannot be used for purchases or payments.

A debit card allows you to make purchases or payments in addition to allowing access to your bank accounts through an ATM.

A store-branded card linked to your bank account allows you to deduct money from your bank account to pay for your purchases. To sign up for the card, you provide your bank account number. Store-branded cards are not issued by your bank.

Stores or gas stations that issue store-branded cards include Target, Cumberland Farms, Speedway, Nordstorm, Royal Farms, Flash Floods, Fastrac Markets, Pride Stores, and Shell.

• If you are married or living with a partner, please report only your cards.

IX. Automatic bill payments adoption

(PA024)
An automatic bill payment is a payment set up to occur on a regularly scheduled basis, typically monthly. Once set up, they do not require any additional effort on the consumer’s part.

Automatic bill payments can be made using a:
- Bank account deduction
- Debit card
- Credit card
- Prepaid card
- Direct payment from your income

Last year, you allowed us to match your survey responses to your credit report without linking to your name. Would you agree to this again this year?

- The process will not affect your credit or your credit score in any way.
- No other action is required on your part.
- Researchers will not have access to any identifying information.
• Your credit information will be kept without any links to your personal information, just like your survey responses.

Do we have your permission to match your credit report to your survey responses?
