Thank you for taking this survey. We are studying how consumers pay for goods and services. This survey asks questions about payment choices you make for purchases and bill paying. As always, your answers are collected anonymously and will never be linked to your name.

Please keep the following in mind:

CLICK on any underlined word to see its definition.

Try to answer all questions the best you can, even if:

- You are unsure of your answer.
- You do not have or use the payment method.

I. Preliminaries (related to MHQ)

If calcage = empty then

- (IN002) What is your birth date?
  - (birthmonth) Range of Months: January-December
  - (birthday) Range of Days: 1-31
  - (birthyear) Range of years: 1911-1999

end if

If internetlocation = empty then

- (internetlocation) We would like to know how you are communicating with us. From what location are you currently connected to the internet?
  - 1 Home
  - 2 Work
  - 3 Internet café, library, etc.
  - 4 Elsewhere

end if

- (cellphone) Do you have a cell phone?
  - 1 Yes
  - 2 No

IF cellphone = NO THEN

- (evercell) Have you ever had a cell phone?
  - 1 Yes
  - 2 No

ENDIF
If cellphone = 1 then
  CPADOPTER := 1
  • (smartphone) A **smart phone** is a mobile phone with features that enable it to easily access the web, send e-mails, and download apps.

  Examples of smart phones include the iPhone, Samsung Galaxy, Android, Blackberry, and Windows Mobile.

  Is your mobile phone a smart phone?
  • Yes
  • No

Else
  CPADOPTER := 0
ENDIF

**Common Payment Methods**

Next we are going to ask you about several common methods for making payments. Please review the definitions below before moving on.

**Electronic payment instruments**

<table>
<thead>
<tr>
<th>Bank account number</th>
<th>A payment made by providing your bank account number to a third party, such as your employer or a utility company. You can give your number on websites, paper forms, etc.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Online banking bill pay</td>
<td>A payment made from your bank’s online banking website, usually for a bill but it can be used to pay other people too. This payment does not require you or your bank to disclose your bank account number to a third party.</td>
</tr>
</tbody>
</table>

**Card payment instruments**

| Debit card | A card that deducts directly from your bank account. |
| Credit card | A card that allows the cardholder to make a purchase that will be paid back to the credit card company later. |
| Prepaid card | A card that has money stored or loaded onto it. Also known as stored value cards or gift cards. |

**Paper payment instruments**

| Cash | Coins and paper bills. |
| Check | A piece of paper directing a financial institution to pay a specific amount of money to a person or business. |
| Money order | A type of payment that can be purchased from a bank or other institution and allows the individual named on the order to receive a specified amount of cash on demand. |

For each question, please rate the characteristics of all payment methods, even if you do not have or use all of them.
II. Assessment of Characteristics (AS)

****We randomize the order of the six characteristics (Security, Acceptance, Cost, Convenience, Getting & setting up, and Payment Records). In addition, randomize the payment instruments by these three groups:

1. Paper (Cash, Check),
2. Card (Debit card, Credit card, Prepaid card), and
3. Electronic (Bank account number, Online banking bill pay).

So within each group (Paper, card, electronic), there would be no randomization, but we will randomize (1, 2, 3).

This randomization would apply across all 6 characteristics, so if the order of the payment instrument groups is (3,1,2) then it will be that same order for all 6 characteristics.

****

SECURITY *** _4_ ***

Suppose a payment method has been stolen, misused, or accessed without the owner’s permission. Please rate the SECURITY of each method against permanent financial loss or unwanted disclosure of personal information.

- **Please choose one answer in each row for all payment methods.**

<td></td>
<td></td>
</tr>
</tbody>
</table>

COST *** _2_ ***

Please rate the COST of using each payment method.

Examples: Fees, penalties, postage, interest paid or lost, subscriptions, or materials can raise the cost of a payment method. Cash discounts and rewards (like frequent flyer miles) can lower the cost of a payment method.

- Consider the cost of using or owning the payment method, not the cost of an item purchased.
- Please choose one answer in each row for all payment methods.

<table>

</tbody>
</table>
Please tell us which payment characteristic is most important when you decide which payment method to use.

****randomize response options****
1. Acceptance for payment
2. Getting and setting up
3. Cost
4. Convenience
5. Payment records
6. Security

III. Payment Adoption (PA)

(PA001)

Now we’re going to ask you about your checking and savings accounts.

When answering the questions, please keep the following in mind:

- If you are married or living with a partner, please report all accounts belonging to you and all accounts held jointly with your spouse or partner.

- Do not include accounts held...
  - ...only by your spouse or partner
  - ...for business purposes only
  - ...at non-bank online payment services such as PayPal

- Enter “0” if you have no accounts of the indicated type.

How many accounts do you have at banks, credit unions, brokerages, or investment firms?

- (PA001_a) Number of checking accounts
- (PA001_b) Number of savings accounts

IF PA001_a > 0 THEN
  CHKADOPTER := 1
else
  CHKADOPTER := 0
ENDIF
IF PA001_b > 0 THEN
  SAVADOPTER := 1
else
  SAVADOPTER := 0
ENDIF

IF PA001_a > 0 OR PA001_b > 0 THEN
  BAADOPTER := 1
else
  BAADOPTER := 0
ENDIF

If chkadopter = 0 then
  • (PA002) Please choose the most important reason why you don’t have a checking account.
    1 I don’t write enough checks to make it worthwhile
    2 The minimum balance is too high
    3 I don’t like dealing with banks
    4 The fees and service charges are too high
    5 No bank has convenient hours or location
    6 No bank will give me a checking account
    7 Other (explain)
      • (PA002_other)

  • (PA003) Have you ever had a checking account?

Now we're going to ask you about newer online companies such as PayPal that are not banks but allow people to make payments.

A non-bank online payment account is a payment service provided by a company that is not a bank. These services allow a consumer to send and receive money online, and pay for purchases or bills.

Do you have an account at any of the following non-bank online payment services?
If PA001_d1 = 1 or PA001_d2 = 1 or PA001_d3 = 1 then
PPADOPTER = 1
Else
PPADOPTER = 0
Endif

**** PA048 and PA044 on same screen****
If PPADOPTER = 1 THEN

• (PA048)
Non-bank online payment services are usually funded by a link to a credit card, debit card, or bank account that you already own. In addition, you can store money for transactions with the payment service itself.

Please tell us how your non-bank online payment service is funded.
• Examples of non-bank online payment services include PayPal, Google Wallet, and Amazon Payments.
• Check all that apply.

  o 1 Credit card
  o 2 Debit card
  o 3 Bank account
  o 4 Money stored with payment service
  o 5 Some other method
    • 5other Specify________________

• (PA044) In the past 12 months, have you used a non-bank online payment service to make a purchase or pay another person?
  • Examples of non-bank online payment services include PayPal, Google Wallet, and Amazon Payments.

  o 1 Yes
  o 2 No

****End same screen for PA048 and PA044****
IV. Payment Use (PU)

(PU001_Intro)
Now we will ask questions about how often you use the payment methods you have.

- If you are married or living with a partner, please report all payments made by you or made jointly with your spouse or partner.

- Do not include payments made...
  - only by your spouse or partner
  - for business purposes only

- It is OK to refer to your records to get an accurate count of the number of payments you made.

(PU002_Intro)
The next set of questions will be divided into several types of payments:

- Categorize each payment you make into one of the categories below. We’ll ask you about each type of payment next.

<table>
<thead>
